Notes:

A. *Funding Group Classifications:*

1 Group 1 schools offer programs consistent with the goals of the British Columbia curriculum, employ certified teachers, maintain adequate educational facilities, and meet municipal codes. They receive per student grants at 50% of the student costs of local public schools.

2 Group 2 schools meet the same requirements as Group 1 schools. They receive student grants at the 35% level, because their per student costs exceed those of the local public schools.

3 Group 3 schools must maintain adequate educational facilities, and meet municipal codes. They do not receive Provincial grants.

4 Group 4 schools cater to non-provincial students. They meet the same curricular requirements as Group 1, and 80% of their teachers must be certified. These schools must be bonded, and they are not eligible for grants.

B. *Funding Group Classification Formatting in this Report:*

Spaces for four funding codes are provided for each school in the following format 'n/n/n/n'. They represent these grade ranges: K-3 / 4-7 / 8-10 / 11-12 respectively.

Schools that display a dash (-) in the 'Type' column are new Independent schools and have not yet been classified. Designation for these schools may be obtained from the Office of the Inspector of Independent Schools.

Notes:

Offshore Schools

Offshore schools are schools located in other countries that are inspected and certified by the Ministry of Education. They meet all Ministry requirements, including such items as teacher certification, instructional time, course offerings, leaning outcomes, graduation requirements, facility suitability, etc. Students enrolled in BC certified offshore schools are issued BC personal education numbers, write BC provincial examinations, and graduates receive BC graduation (Dogwood) certificates. Offshore schools receive no provincial grants. They fully pay for all services received.
